Vancouver Civic Theatres Marketing Services

There are a number of marketing services offered to you as a part of your rental agreement including exposure on our website, social media channels and digital signage.

Please note that the information and materials required for these marketing services must be provided to Vancouver Civic Theatres' (VCT) Marketing Department **prior to your event being put on sale**. Please review what is required in order to maximize your cross-promotional opportunities with VCT.

Website event listings

Your event will be listed on the Vancouver Civic Theatres' website. It is important to have clear and concise information about your event; this information will help patrons make buying decisions. There is a broad range of events on our website and we recommend that you customize your content for an extensive audience who may be unfamiliar with the artist or event. *VCT reserves the right to edit and format the content provided by the licensee in order to best service our patrons and the VCT brand standards.*
