Crew Costs:

- Your venue rental includes the services of a one Venue Technician for up to 8 hours of regular time per day. Overtime costs are the responsibility of the Licensee. Additional crew, if required, will be assigned based on the needs and complexity of your event. An estimate of costs will be provided in advance and you are responsible for any additional crew charges.

Onstage Safety Plan:

During the Covid19 pandemic, enhanced safety protocols are in place across all VCT venues. As the licensee, you assume responsibility for the Health and Safety of all non-VCT staff. This includes performers, casual crew, touring crew, local suppliers, and any other non-City staff working on your show.

Specific responsibilities that you must be aware of include:

- An Event safety plan must be provided in advance, which includes provision of PPE and documents Covid19 training for cast and casual crew. The plan should also include a stage plot, showing safe-distance measures for persons onstage
- A list of all cast, crew, suppliers, and other staff who will be on-site is required in advance. This list must contain contact information in the event of a COVID19 outbreak. **All non-COV staff entering, will be required to sign a declaration that they are healthy and fit for duty: See ActSafe “Worker Health Declaration”:** <https://www.actsafe.ca/wp-content/uploads/2020/05/COVID-19-Worker-Health-Declaration-Fillable-20200522.pdf>
- ***There will be a maximum number of persons as set by VCT that will be allowed access in the backstage area at any one time. Number to be determined using the formula of 5 square meters per person. Once this limit is reached, others will have to wait for someone to leave before they will be permitted to enter.***
- Entry to the Back of House will be through the ***check-in station only***
- You are responsible for providing all Personal Protective Equipment (PPE) for non-City staff
- We will require the name of the person you have designated to conduct health checks upon arrival, distribute PPE, and ensure compliance with safety protocols during the event (non-COV participants). If you do not have someone on your staff to perform this function, VCT may provide this service for an additional fee
- We will need an advance list of all backstage requirements - dressing rooms, change areas, rehearsal rooms
- No buffet-style snacks or foods are allowed backstage. Where made available, all food to be individually packaged.

If you are unsure how to create a safety plan, WorkSafe BC has a template form that can be accessed here:
